

Infogressive, Inc. is pleased to announce Justin Kallhoff has added a ninth certification to his security credentials. GIAC Certified Forensic Analysts (GCFAs) have the knowledge, skills, and abilities to handle advanced incident handling scenarios, conduct formal incident investigations, and carry out forensic investigation of networks and hosts.

“Staying current with the latest trends and standards is a challenge in the information security field. I enjoy being given the opportunities to learn from the best in the world and then being able to help our clients benefit from that knowledge,” stated Kallhoff.

Infogressive, Inc. is an elite team of IT security professionals providing services to local and national companies throughout the U.S. Visit www.infogressive.com for information regarding company services or contact 402.261.0123 to discuss your IT security needs.
